PROFESSIONAL EXPERIENCE

Inside Sales Representative | HP Canada, Mississauga, ON *Feb 2026 - Sep 2026*

- Maintained opportunity and account information in the CRM and tracked follow-up activity through each sales stage.
- Coordinated follow-ups with business customers on product options and next steps to keep accounts moving.
- Advised business customers on HP hardware, software, and support options, balancing quick orders and longer deals.
- Reviewed existing accounts during regular check-ins to identify additional product and support needs.

Inside Sales Representative | Accenture, St. Catharines, ON *Mar 2025 - Jan 2026*

- Tracked CRM activity and follow-ups for 40+ B2B and B2C contacts, maintaining organized records for sales reporting.
- Qualified leads using the BANT framework and worked with colleagues to align sales activity with customer requirements.
- Helped junior teammates with lead qualification and consistent CRM use.
- Followed a consistent outreach and follow-up approach to move contacts through each stage of the sales process.

Technical Sales Specialist | Apple, Mississauga, ON *Dec 2023 - Feb 2025*

- Supported 20+ customers weekly with technical and service questions while following established procedures.
- Worked with team leaders to identify repair issue patterns and communicate recurring service issues.
- Explained products, services, and troubleshooting steps to customers in clear language.
- Maintained knowledge of Apple's products, services, and Genius Bar repair processes to answer questions accurately.

Retail Sales Associate | TELUS Communications, Toronto, ON *Oct 2022 - Nov 2023*

- Maintained CRM information for 100+ active customer accounts, supporting account tracking and customer follow-ups.
- Explained billing, product, and service choices to customers in a high-volume store.
- Reviewed customer account details and service requirements to support accurate service recommendations.

Assistant Sales Manager | Reliance Jio, Mumbai, India *Sep 2016 - Mar 2019*

- Coordinated sales activities for 12+ representatives across retail locations, supporting CRM use and consistency.
- Monitored team activity and sales records for consistent reporting, and coached representatives on follow-up practices.
- Supported territory planning across retail locations alongside day-to-day team coordination.
